

Stafford County Fire and Rescue Department Office of the Fire Marshal

1225 Courthouse Road, PO BOX 339, Stafford, VA 22555
(540) 658-8648 · FAX (540) 658-9128 · www.staffordfirerescue.com/fm

2018 Approved Permissible Fireworks

The member jurisdictions of the Northern Virginia Fire Marshals determine the acceptability of consumer fireworks offered for sale in the Northern Virginia Region through an annual testing and evaluation process. Consumer fireworks (Division 1.4G) meeting the American Fireworks Standards Laboratory performance criteria during the evaluation and testing are classified as permissible fireworks and approved for sale and use. Fireworks not listed are NOT approved for sale or use in Stafford County.

General: Sparklers, fountains, pharaoh's serpents, pinwheels (commonly known as whirligigs), spinning jennies, or other similar fireworks approved by the Fire Marshal are permissible. Any fireworks which explode, emits flame or sparks to a distance greater than twelve (12) feet, rises into the air or travels laterally, or performs as a projectile or fires projectiles other than sparks are prohibited. All illegal fireworks will be confiscated, and the person responsible may be charged with violation of county or state laws. Permissible fireworks shall have a hardcoated or slow burning fuse at least one and a half (1 1/2) inches long with a burning rate of not less than four (4) seconds. Quick match fuses are prohibited. Such permissible fireworks shall be used only on private property with the approval of the owner of the property

Retail Display and Sale: The sale of fireworks approved by the Fire Marshal requires a permit to be obtained from the Fire Marshal's Office. All structures or areas, whether temporary or permanent, used for the sale or display of fireworks, must be inspected by the Fire Marshal prior to the sale or display of fireworks. In addition to Fire Prevention Code requirements, all necessary building permits, zoning approvals or other permits must be available at the time of this inspection. The location of a temporary retail sale location shall be approved by the Fire Marshal. The sale of permissible fireworks to persons under the age of 18 is prohibited unless the person is accompanied by a parent or legal guardian.

Approved Fireworks: The following is a list of the permissible fireworks approved by the Stafford County Fire Marshal's Office for sale and use as regulated by Article IV of the Stafford County Fire Prevention Code (Stafford County Code Chapter 12):
